

Stanced_Sakura + RX7 04-28-2025

Meetup time: 8:00PM @ <https://maps.app.goo.gl/CZZUwbHqBbvYhPFp7>

Duration: 2 Hours

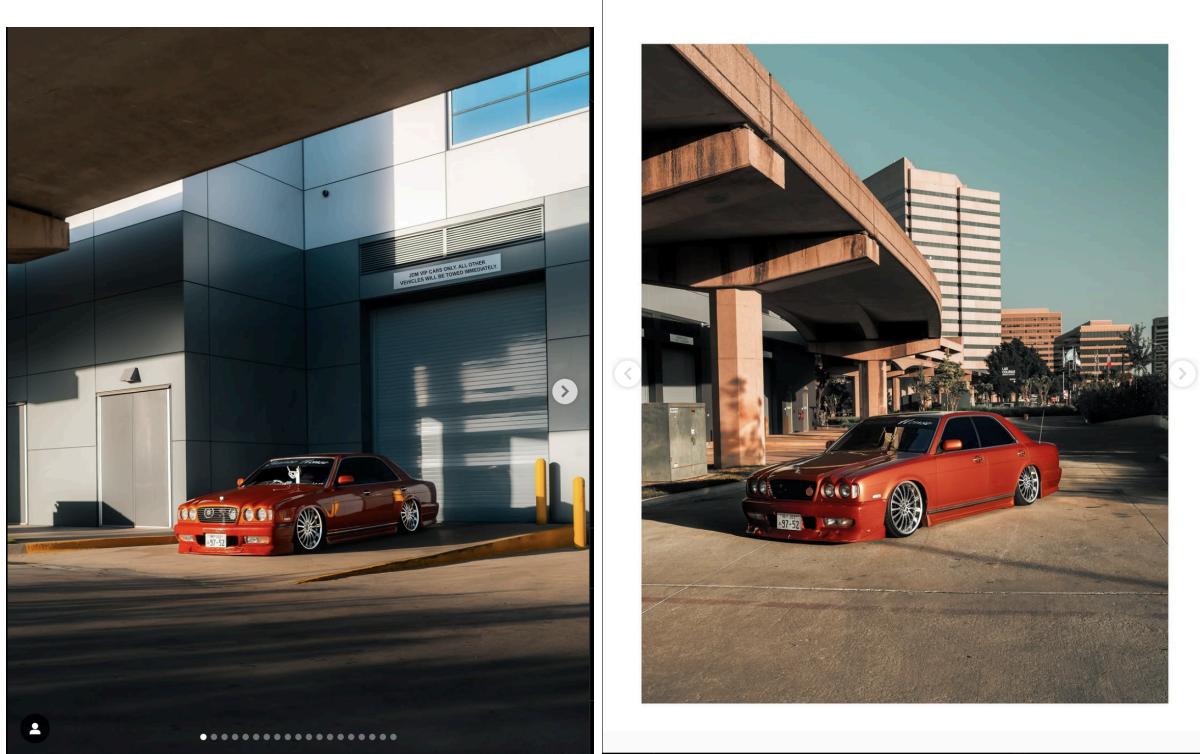

Rainy weather is likely. Chance of thunderstorms, will need to use locations near parking garages just in case weather gets too bad. Rainy streets, reflections, and buildings will be ideal.

Location #1:

Ramps and Corporate Buildings

<https://maps.app.goo.gl/CZZUwbHqBbvYhPFp7>

- Get both cars on ramps (should be available ramps next to each other)
- Pose both cars in front of nearby building
- Solo car shots
- Possible light car painting? Weather dependent.

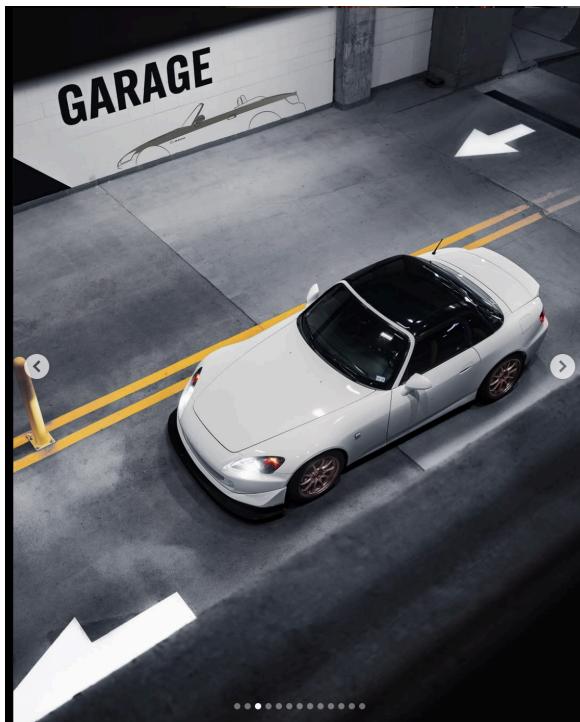

Location #2:

Toyota Music Factory

<https://maps.app.goo.gl/R3ijhcZTFsT5o3Nt5>

- Run and gun style shoot. There is some traffic over here, but we can split up and shoot cars individually. The parking garage may allow us to goto the top, but we'll have to check first. If so, we can get a few shots on the rooftop.
- Lots of good lighting all over the place, just freestyle.

Location #3:

Cool bridge and neat lights

<https://maps.app.goo.gl/SPsEbLrdWL6teqvr9>

- Take pic of both cars in middle of road with bridge behind
 - NOTE: Light traffic may have to make us move. Will need to shoot fast. Pull to side of road, organize the cars, and shoot within a small window.

Location #4:

Bridge & City View & Minecraft Lights

<https://maps.app.goo.gl/HH5TCYpv8PGnSJEy5>

- Possible long exposure
- Get las colinas in background
- Utilize minecraft building nearby for last shoots
